

OPTIMIZING REVENUE. REDUCING COSTS. MANAGING RISKS.

Introduction

The AME Group assists our clients by maximizing revenue, reducing expenses and mitigating risks with a portfolio of integrated business technology solutions. The AME Group combines our experienced staff, proven methodologies and innovative technology to deliver end-to-end results that let our clients achieve business results.

The AME Group was founded in 1985 and we have been a trusted advisor to organizations across the United States. The AME Group has remained at the forefront of our industry by partnering with our clients, understanding their business and providing sensible solutions that deliver real results to their business performance and goals.

Offerings

The AME Group's offerings are aligned in four groups:

- Operational Cost Control Program: providing interactive consulting, monitoring and maintenance for your network.
- Value-Added Staffing: providing skilled IT consultants with functional and industry expertise.
- Strategic Assessments and Planning: reducing infrastructure management costs while improving operational performance, reliability and customer satisfaction.
- Business Process Automation: providing expertise in the automation of business processes through information technology.
